HIGH-PERFORMANCE ICE FISHING

2019

ION
A single charge powers you through up to 2000 inches of ice before you’ll need more juice.

That’s 166 holes through a foot of ice—which the all-new G2 cuts through in just 6 seconds.

IONICEAUGERS.COM
The ION G2 signifies the next generation of ION ice auger technology. Faster than the competition and up to 29% lighter, the ION G2 ups the ante when it comes to speed, weight, and longevity in a Lithium ion Ice Auger. Powered by a 6Ah Gen 2 battery, its single cell protection ensures a long battery life, and optimal performance in the cold. The composite polymer bottom allows for the smoothest cut, in the lightest possible package, all with incredible durability. More speed, more power, more holes, and less weight—all backed by the ION exclusive 3 year warranty. Expect more from your electric auger, experience the ION G2 today.
With state of the art technology, ION offers three different battery configurations to meet the needs of any ice angler. Available 3/5/6 Ah batteries feature a rugged, drop-resistant housing, with enough power to last all day.

* BATTERY PERFORMANCE IS INFLUENCED BY A NUMBER OF FACTORS. INCHES OF ICE PER CHARGE SPECIFIED REPRESENTS OPTIMUM PERFORMANCE IN IDEAL ICE CONDITIONS. FOR BEST PERFORMANCE, VISIT IONICEAUGERS.COM FOR TIPS.
The ION family of augers has proven time and time again that they are capable of meeting the needs of the most serious ice anglers, without the hassle of gas or propane. ION was the first high-performance Lithium-ion Ice Auger in the world, and continues to lead the way when it comes to speed, power, and reliability.
ION offers a best-in-class 3 year limited warranty on the entire auger—including the battery. Don’t be let down by other augers, experience the performance and peace of mind that comes with ION.
Leave the scoop at home. With the simple press of a button, reverse your auger direction and flush the slush from your hole. This saves you time and saves you a watery mess. No more scooping!

**SLUSH-FLUSHING SAVES YOU TIME**

**RE-DRILL**

**FROZEN HOLES**

ION features precision-engineered, ring bottom designs that keep the auger centered and cutting evenly. You can expect a consistent, silky-smooth cut, even at breakthrough. Best of all, ION was designed with the ability to re-drill old holes, so it’s perfect for use inside your wheelhouse.
